

CONTEST: SUPPORT OUR TROOPS

I am sure that you know the close ties that Amware Logistics has with our military community. Whether it be by personally serving, or having family and friends currently abroad, our team has been personally affected by the fight overseas. Our troops need all of our support. The website, www.anysoldier.com is a great resource to do just that. There you can find contact information and the personal requests of soldiers who are currently deployed. Above anything else, our troops love to receive letters of support.

The Contest Is Two Fold:

- 1) The facility with the most letters sent to troops by their employees wins lunch.
- 2) The individual who sends the most letters gets a jacket. The website will allow each person to request 2 addresses a day.

The contest will start today and end October 31st.

***Before you send your letters, email Tavon a copy at TavonB@amwarelogistics.com with your facility name in the subject line. This will count as your entry for the contest.**

Thank you in advance for the support of our troops!
