FILTRATION CONSOLIDATION

Denver, CO – March 2005: Amware’s newest public warehouse addition is touted as one of the world’s foremost manufacturers of air filtration products for the commercial, industrial, and institutional markets. They have been so since 1964. With expanding sales in metro Denver, they have contracted with Amware to provide a consolidation center wherefrom local distributors can stock-up for their deliveries.

The customers’ products range in every category of air filters from disposable panel filters and pleated filters to high efficiency extended surface and HEPA filters. They also offer a wide variety of filters for specialized applications, including paint over spray collection, lint and ink mist collection, turbo machinery air intake filters, gas phase adsorption and dust collection.

Amware has been tasked with the consolidation of products arriving from multiple manufacturing arms of their company, and readying the products for distribution. “Our

Craftsman and Women will be sorting floor-loaded cartons by hand, providing palletization for ease of warehousing, and then managing the reverse process for each outbound order” says Christina Motley, one of Amware’s Denver based Customer Service Representative. “The product will be moving in and out of Amware’s facility at a fairly regular pace, so it will be our job to maintain proper inventory assessments and on-time handling”.

Amware Logistics Services, Inc.

Amware Logistics Services is dedicated to craftsmanship in delivering customer-focused, quality-driven, cost-appropriate logistics solutions for our customers. With national reach, operational excellence, flexible services, and careful monitoring every step of the way, Amware offers an efficient and affordable logistics alternative that provides measurable cost savings. At Amware, our company is crafted around one important principle: to provide you with the personalized service, secure environment and complete accountability to become your full service logistics partner.

Any logistics company can meet your expectations.
We won't quit until we exceed them.
