Re: Jacksonville Site Manager

I am pleased to announce that Hal Korb has accepted the position of Site Manager for the Jacksonville Facility. Hal is currently on site and operational. He and his family will be relocating to the greater Jacksonville area in the very near future.

Hal will continue with the Safety and Maintenance responsibilities until those duties can be appropriately transitioned. This announcement with more detail will also be located on the intranet.

Hal can be reached at either jacksonvillesm@amwarelogistics.com or halk@amwarelogistics.com. Please provide your continued support to Hal as he undertakes this new role.

Regards,

Dave Robinson
