AMWARE'S LATEST CROSSDOCKING VENTURE...

Atlanta, GA – October 2003: Yesterday Amware Logistics welcomed a new customer to our Public Warehouse Facility located near Hartsfield International Airport in Atlanta, Georgia. The first of many inbound shipments for the new client arrived at the dock early Tuesday, October 7th 2003.

The scope of work for this project is a crossdock operation where we will consolidate several inbound shipments of roll stock paper at our facility and then distribute the product on Amware tractors to the customers' clientele throughout the State of Georgia.

Amware was chosen as the 3rd party logistics services partner for this project as we are regarded as a cost-appropriate product handling and distribution service provider with a dedication to craftsmanship and attention to detailed processes. Initial talks with representatives at the client's main offices were encouraging as they watched the first inbound shipment arrive at the Atlanta facility.
