Re: Promotions at ADW

I wanted to take a second to officially advise you all that I have promoted Libby to General Manager here at the ADW (Sylvan Rd) facility. She took office last week and is off to a great start. I am very excited about this promotion and expect great things from Libby.

In addition, Eric Potts has transferred into the ADW facility as it's new Operations Manager. I fully expect him to perform at a high level as well....

Any questions, let me know.

Thanks, Rob
